We fixed the paper straw problem. With joy.

Founded in 2019, Dolea is a Finnish family-driven company redefining what a paper straw can be. We combine patented manufacturing technology with carefully designed, plastic-free and recyclable paper straws that deliver a reliable drinking experience and create opportunities for brands to stand out.

From retail shelves to restaurants, cafés and entertainment venues, Dolea straws are already delivered across Europe. We don't just make straws, we bring performance, responsible material choices and a little more joy to every sip, wherever it is poured.
